

Our partners

We are very proud of the people and organisations that we do business with. You will probably recognise some of the names and their logo's. Most are from the North East of England and we are proud of that too. This part of our website tells you a bit about them and how we work together. Carillion Energy Services, formerly Eaga A lot of the financial support work Clean Slate provides is under-pinned by our partnership with Carillion, who in turn work closely with the Legal Services Commission (LSC). LSC provide access to legal advice in England and Wales for not-for-profit organisations to support people to receive information, advice and legal help covering a wide range of problems in the areas of welfare benefits, debt, employment and housing.

Carillion are able to facilitate the link with the LCS to provide that level of support via a webcam link to the Clean Slate client. The webcam facility is a mobile one so the vulnerable person can be seen at a place that is convenient and comfortable for them.

Carillion have a case management system which acts as a database allowing client information to be uploaded, tracked and monitored, They have received the highest possible rating achievable, and are in the top 3% of legal advice suppliers in the country.
